YOU CREATE YOUR SCHEDULE! Breakout Choices Each Day for Each Topic

PURPOSEFUL PLANNING

- Incorporating Differentiation Strategies Into Your Lesson Plans
- Using Assessment Data to Formulate Achievement Goals, Unit Plans and Lesson Plans
- Daily Lesson Planning: Matching Instructional Strategies to Your Student Learning Objectives
- Curriculum Integration Planning with Science, Social Studies, Math, Language Arts, and Technology
- Incorporating a Variety of Assessments to Directly Inform Instruction

EFFECTIVE INSTRUCTION

- Engaging Students through Experiences, Emotion and Prior Knowledge For Student Understanding
- Using Collaboration Structures for Student Learning, Building Social Skills, and Higher-Order Questioning
- Differentiation Structures to Meet Individual Student Needs
- Integrating Technology to Engage Students in Academic Content
- Assessing Student Understanding by Asking Higher Level Scaffold Questions
- Multiple Ways to Deliver Your Instruction in Response to Student Misunderstandings
- Setting Expectations, Building Community and Procedures, and Distributing Student Responsibilities and Leadership

TEACHER LEADERSHIP

- Contributing to School Culture Through Student Leadership Activities
- Engaging Your Peers In Collaborative Groups Connected to Student Development, School Climate, and Staff Morale
- Strategies to Help You Lead Meaningful and Engaging Professional Development Sessions with Your Peers
- Building Strong Relationships and Providing Clear Communication with Your Parents
